

Geekvape L200

Geekvape L200 (Aegis Legend 2) Classic Kit 200W is the most durable box mod ever, featuring a timeless design inherited from OG Legend. Supported by dual 21700 batteries, this robust beast provides up to 200W output. Start your adventurous journey with L200 Classic right away!

Geekvape L200 Classic 200W Kit, featuring a 5-200W output range, **Z MAX Tank** pairing, and utilizes dual 21700 batteries. Constructed from durable zinc-alloy, the chassis of the Geekvape L200 Classic combines all the well-loved features of the previous L200 and Aegis Legend into a new chassis that can accommodate a pair of 21700 batteries, elevating the longevity of vaping sessions. In addition, the Geekvape L200 Classic Kit can utilize 18650 batteries with the use of the included battery adapter sleeves. Adopting a temperature control suite and extensive compatibility with nickel, titanium, and stainless steel wire options.
